My Dear Folks: We are won-
dering if the Duhl family
have been in a auto wreck
and broken all 3 ~~Left~~ Right
Arms or some other dis-
aster has overtaken them
so none are able to write to
usins. Daddy is very much
worried and of course I'm not
pleased over the silence!
I'm racing the postman its
almost time for his call!
Dad's out painting Deck &
steps, thinks it may rain some
day, just a sprinkle as far
as he keeps busy tinkering be-
tween naps. I'm slowly recov-
ering from hand fall I had
in D. room Sept 2nd, just some
nice bruises & had shake ups
put me to bed for about wk.
got off lucky, was alone at time.
Having nice cool fall weather
since in day 70° to 78° & late
Alec is in Tacoma Wash. I do
wish you were there too, myough
is gone again, shanks be. Hope
Horn are all the Rabies? good!
